

Children Taking a Class:

Children under 12 years of age who wish to train their dog in a class must get approval from the training director (td.ccdtc@gmail.org) If approved, the adult with an underage child MUST always hold on to the far end of the leash. The child can be next to the dog doing the training.

Children Viewing a Class:

Non-Student children (under 18) MUST stay seated when the student is in class. They MUST have a responsible adult (+18 years of age) sitting with them at all times. The Non-Student child must sit on the side of the ring away from dog crates.

If an adult student cannot control their child(ren) the instructor may excuse the student from class that day/night.
